

PROPERTY SERVICES

COVID-19 Cleaning & Disinfection Services

Let us help you face the threat of COVID-19 head on.

“Current evidence suggests that novel coronavirus may remain viable for hours to days on surfaces made from a variety of materials. Cleaning of visibly dirty surfaces followed by disinfection is a best practice measure for prevention of COVID-19 and other viral respiratory illnesses in community settings.”

- Centers for Disease Control and Prevention

We specialize in the cleaning of viruses, bacteria, microbial growth and other pathogens.
